## Koh Chang

Bailan Beach Resort is located directly on the beach in the small village of Bailan in the southwest of Koh Chang Island.

The recently opened resort is situated in a little bay and offers a great view on the sea and amazing sunsets. The sandy beach invites to relax in the day or have some barbeque at night.

Our bungalows stand in a grassy garden between coconut trees and other tropical plants, a few meters from the beach. The Rooms are all equipped with modern facilities. The Furniture, handcrafted from solid dark wood in old Thai Style, gives them a valuable design.

Our Beach Restaurant serves breakfast and excellent Thai and International Cuisine.
